    A                                      C#m7                                      F#m7                                      D

Through all her ten - der years,      He watched her grow.  
 Hard work and sac - ri - fice—      That's just her way.

G                                      Bm7                                      Em7  
    A                                      C#m7                                      F#m7

Man - y the joys and tears,      She would come to know.  
 Think - ing of His ad - vice      Helps her through the day,

C                                      Em                                      C  
    D                                      F#m                                      D

But when she gave her best      And came through  
 And she's so glad to know      That He loves

G                                      D/F#                                      Em                                      C                                      Dsus4 D  
    A                                      E/G#                                      F#m                                      D                                      Esus4 E

each test, She made His heart feel so good.  
 her so. It means so much to hear him say:

**Chorus**      G      D/F#                                      Em      C                                      G      D                                      G/C                                      G/B
